The Bromeliad Society of Broward County

PRESIDENT'S MESSAGE

Greetings!

Our program presented by Paul Isley III was everything we had hoped for. He presented great pictures of so many Tillandsia's which we have never seen before. I feel the reason for this is that there has not been much hybridizing done to any great extent because not many people have the patience to wait so many years for the outcome. Paul was our houseguest for two days and in listening to him found he had so many other interests besides plants. He is an active member of the Explorers Club and the Adventurers Club. We found him to be a profound and devout thinker and very well read. He helped us groom plants one morning in preparation for the BSBC tour.

His new book is at the printer and will be out around Christmas time. Bill Frazel will take orders through the Country Store to save on shipping charges. The charge is \$70.00 plus shipping. The first 200 books will be autographed. Please place your orders by the November meeting with your check for \$70.00. We will collect shipping charges after delivery. If you are unable to attend November's meeting please mail your check to the club's P.O. Box. (see your SCURF for the address) What a great gift for yourself, your spouse or a friend. We are in debt to Paul for bringing such quality plants in equal assortment for each of the three clubs he gave lectures to. Thank you Paul.

This month we welcome Nick Bethmann as our speaker. We have had requests for his topic: *Growing Bromeliads from Seed*. We are shopping for extra special plants at the Orlando Extravaganza to be given away as your club gift plant. If you are unable to attend the Holiday party and are a member you may pick it up at my home the next day (please call 954-474-1349 first). It will also be available at the January meeting. After that date any remaining plants will be placed on the raffle or sales table, without exception.

Also at the party we will have the popular plant gift exchange. The rules will be at your table. Just remember, to play each member or guest attending must bring a wrapped plant.

We will also have 4 or 5 extra special plants that we will raffle off. Raffle tickets will be available at \$1.00 each.

Have a safe and Happy Thanksgiving!

Maureen

GROWING BROMELIADS FROM SEED

Nick is a member of the Boca Raton Bromeliad Society and serves as club librarian and board member.

In 2007 he became interested in growing bromeliads from seed after becoming frustrated with the difficulty of obtaining species.

He joined BSI and took advantage of the seed fund.

This year he was selected to be the BSI Webmaster.

We are fortunate to have him speak to us this month!

CO-LIBRARIAN'S NEEDED

We have an outstanding library that we would like to see used. We need somebody with an interest in books and room for a standard bookcase. Two people would be perfect so that there would be a responsible person at every meeting. Most of these books are out of print.
