President's message

We did it again! Another successful show. What's not to like, beautiful well groomed plants. Interesting designs and lots of equally beautiful plants for sale at great prices!

Everyone sold out! Although we had some novices who entered for the first time and also won awards of merit (95 plus) ribbons, the top awards went to our experienced plants man, Bud Hendrix. The top artistic award went to Ann Schandelmayer for her black and white table. I believe it is the first time this award has been given to a table design. I was especially pleased to find the top novice award going to Larry Davis since I encouraged him to bring in his huge variegated pineapple. Also up on the head table it was great to see Tim Hendrix's and Colleen Cope's Division 1 & 2 section winners. I think all of you who helped to promote the show should also take a bow, because we had a big increase in attendance from our previous shows. Thanks to all who helped my past two terms memorable. Don't miss the next meeting which we will celebrate our show and end of the year change of officers!

Sarah Donayre is going to cater the refreshments and Ray Lemieux will give us a really informative program.

Don't forget DUES are due May 1 for the year 2003-2004, please mail them to the P.O. Box ASAP if you have not already.

Stop by our house and see our an Hohenbergia species in bloom for the first time in Broward (at least). It did not make it to the show because Bill would not dig it up! It is quite spectacular. The approximate size of a king size bed with an eight foot branched white inflorescence. Just call first.

June's Guest Speaker

Dr Teresa Bert

Topic: "Variation in Bromeliads"

Or why does my plant look different than yours?

Dr. Bert will discuss the differences in bromeliad morphology when we are referring to the same species. Her program will go in depth in explaining the difference.

Dr. Bert is a past president of the Sarasota Bromeliad Society office. Last year she was head of the Florida Council of Bromeliad Societies and a Director of the Bromeliad Society International. Her bromeliad collection consists of over 1500 different types in 15 different genera.

Editors Note

Hello

Wow! What a show. If you were not able to make it to Fishing Hall of Fame for the BCBS show, you really missed it. But, for those of you that did, sure got an eye full. A special thanks to all who participated and in 2 years we hope to see many more of you enter those gorgeous bromeliads that you've been loving.

I would also like to say thank you for all of the complements on the "Scurf" we really enjoy putting it together, and we hope this issue will give you a small glimpse of our show.

Please don't miss the next meeting. We will have a special celebration to pass the gavel to our new president and also to have a belated post show party.

It should be a blast – we will have the refreshments catered , thanks to Sara.

If anyone has anything special that they would like to see in the Scurf or that you would like to say , please see me at the meeting or e-mail me, we would love to hear from you.

Remember Dues are Due , please see Bill Frazel at the meeting!!!!

General Store

Our general store will be open at the meeting. We have pots, identification tags, cork, and other items to help raise your beautiful bromeliads.
